**Youngsters Enjoy July 4 Holiday Fun-**  
These pint size Cameron youngsters were some of many who tried and enjoyed new experiences of rides and thrills at the Jaycee Carnival Sunday. Three year old Glen Glaser, (pictured upper left) took his thrills on the Merry-go-round while his parents, Mr.

and Mrs. Stanley Glaser looked on. Sherry McQueary, (bottom left) three-year old daughter of Mr. and Mrs. Johnny McQueary, shows a little optimism during her car ride. Four year old Laura Delony strives to get around her cotton candy and eventually she is the daughter of Mrs. LaVerne Delony.

## August 7 Set For Voting On Courthouse, Jail

John C. Andres, Milam County auditor, Wednesday described proposals for a completely remodeled courthouse and new jail which are to be considered on a public vote Saturday, August 7.

Speaking before Cameron Rotarians, Andres said that complete information and pictures for the proposal would be made available to all Milam County news media next week.

Members of the Milam Commissioners Court in March met with Dawsey-Joines-Coburn and King, Houston architects and engineers, reviewing proposals and making changes in plans for the Courthouse and hearing architect recommendations for a jail.

The architectural proposal for the courthouse includes making use of all available space now under roof and for construction of additional space for record storage, adequate jury quarters, courtroom facilities and usage of third floor areas. Total additional space would be about 11,000 square feet.

Andres noted Wednesday a proposal for a new jail, if approved along with the proposed courthouse improvement, which would be located at a site yet undesignated near the Courthouse.

## Methodist Church To Hold Annual Choir Clinic, Concert

The second annual three-day choir clinic for Cameron children and adults has been set for July 19, 20 and 21, according to Rev. Richard Freeman. The clinic will be held at the First Methodist Church.

Bob Bennett of St. Luke's Methodist Church of Houston will be leading the choir clinic for the second consecutive year. Bennett, who is one of the leading musicians of the Southwest, is choir-master and organist of the 4,900 member church in Houston.

Renowned as a teacher and concert organist, Mr. Bennett will give a concert on the pipe organ at 7:30 p.m. Wednesday, July 21. The concert will be presented at the First Methodist Church Sanctuary.

## Young Farmers To Hear Floyd Tippitt

Cameron Young Farmers will meet at 7:45 p.m. Tuesday, July 13, with Floyd Tippitt of the Texas Highway Patrol as guest speaker. The first meeting of the organization's new year will be at the Yoe High Vo-Ag building.

Tippitt will speak on licensing of farm equipment and safety rules for farm trailers and other equipment on the highways. The public is invited to the meeting.

## Dr. Swift Wins Tourney, Mrs. Ford Curtis, Smith Tie

With a one stroke lead, Dr. C. G. Swift took the golf tournament championship at the Cameron Country Club's annual tourney July 4.

Dr. Swift's net score of 70 led the field of 42 golfers who participated in the one day tourney. Lee Marek won second in the men's division with a 71 score. A four-way tie was created for third place when Judge William Wallace, Gus Evans, Alvin Roberts and George Foster all had 73 strokes in the 18-hole tourney.

In the ladies division, three golfers tied for first place with Emma Lou Curtis, Amy Ford and Carolyn Smith finishing with a net score of 74.

## Cigarette Ring Strikes Again

Cigarette thieves continue to work in Milam and the Central Texas area with the report of two more business concerns being hit last Thursday, according to Sheriff Carl Black.

Sheriff Black said the Buddy Stevens Texaco Service Station in Rockdale was hit during the early morning hours Thursday. The cigarette machine was found Saturday between Milam and Chisman near US highway 35.

A Franklin business house was hit the same night, and the only items reported stolen were the stock of cigarettes. No estimate of loss was available in either robbery.

Sheriff Black said it is believed

## To Adults, Youth Foreign Language Registration Open

Registration is still underway for the Marak Cultural Movement's language courses, according to Rev. George Bonhard.

Czech and French classes have been assured whole some 15 more students are needed to conduct a German course.

Classes will be open to all age groups and each class must have at least 25 students in order for a class to be held. Rev. Bonhard said. He noted that a number of students at Temple Junior College had indicated they would attend. A schedule of classes is expected to be announced July 15.

## Cameron Horse Show July 10th

Cameron Saddle Club's 11th annual Horse Show is set for July 10 at Wilson-Ledbetter Park arena with Mrs. Joe S. Hickman and Charles E. McDermott serving as co-chairmen.

Last year's show had 177 entries competing from all over the state of Texas.

The Quarter Horse Show has been scheduled for July 31, officials said.

The first division of the Horse Show will begin at 6:30 p.m. Saturday with Children's classes.

Six classes will perform under the Children's division including Shetland Pony, 48" and under - 12 years and under; Pony 13 hands and under - 12 yrs. and under; Pleasure Class - 9 yrs. and under; Pleasure Class - 10 to 12 yrs.;

Reining, Pole Bending, Rescue Race, Barrel Race - Straightaway, Barrel Race - Cloverleaf and Ring Race are other events scheduled for the Horse Show.

The show is being held under the rules and regulations of the Central Texas Horse Show Association. Officials said no stallions will be permitted in children's classes where women and girls are riding.

# Board Approves Unit House Plan

## APPLICATION SUBMITTED TO FHA FOR OK

Cameron Housing Board members approved a plan for 50 new Federal Housing Units to be constructed in the city during their meeting Tuesday night.

Henry Siebman, chairman of the board, said they will submit an application to the Federal Housing Authority for their consideration.

The local board requested the Bently-Gordon & Assoc. architect firm of Dallas to draw up the application. Charles T. Morse, representative of the architect firm, was present at the Tuesday meeting.

The application must first be submitted to the Federal Housing Authority with offices in Ft. Worth. If approved, the application will then go to Washington for approval.

Siebman said the application is the preliminary work in securing the units. If the money is appropriated, the architect firm will then go to work on complete plans.

The proposed 50 unit housing project gained City Council approval last August and later presented to the Housing Board for consideration.

The City Council plan included the securing of units which would cost approximately \$650,000. Work of the council would involve agreeing on the building sites and furnishing the water and sewer connections.

If the application is approved, estimated time for the actual construction would be from one to one and a half years.

The original plans called for units unlike the ones that are presently in Cameron. They were not to be constructed at one site, instead they would be built in various sections in the city.

Several of the units were planned for the elderly, over age 65, which would be one and two bedroom duplex houses. The remainder would be built based on the needs of the city.

Figures for the needs were partially compiled from the 1960 housing census data for Cameron. According to the census 17.3 of the Cameron population are classed as elderly.

Serving on the local housing board along with Siebman are Joe Matula, secretary, August Kunz, Calvin Markham, John Henderson Sr. and Earl Curtis.

## Mt. Zion Baptist Church Annual Homecoming Sun.

Homecoming services will be held at the Mt. Zion Baptist Church Sunday, July 11, with Rev. Harold Padgett delivering the address.

Rev. Padgett, former pastor, is presently serving the Westview Baptist Church at DeRidder, La.

The Rev. J. H. McLerran has served the Milam County church since 1963. He also is employed in the Cameron school system.

During the years Rev. McLerran has served the church, steady progress has been made with 25 additions and improvements added to the church.

Water conditions have been improved with a deep well on the church property, heating facilities added and rest homes installed. New equipment such as a projection machine with loud speaker for visual aid programs and a new piano have been purchased.

Work presently underway is the construction of a modern kitchen with new facilities. A utility room is to be erected at the back of the church building for storage space.

Rev. McLerran extends a cordial invitation to the public to attend the homecoming services. Everyone is asked to bring a basket lunch.

**FARM BUREAU BEAUTIES** — Nine Milam County girls will compete in the Farm Bureau Queen Contest at 7:30 p.m. Thursday, July 15, in First Methodist Hall, Cameron. Contestants pictured are (from left standing) Gloria Ann Mayer, Cameron; Nan McClaren, Cam-

eron; Patsy Ruth inge, Buckholts; Coty Jo Brown, Rockdale; (from left seated) Karen Fontaine, Valerie Green, and Sandra Barta, all of Cameron. Not pictured are Monica Mikula and Gwendolyn Jistel, both of Cameron.

## What Became Of Massillon Farley?

By Lois Sapp

Ed. note: Who was Massillon Farley? Why does he have the only state-erected gravestone in Oak Hill Cemetery? This is the third of a series on historical structures in Milam County.

Placed back in the southwest corner of Oak Hill Cemetery stands a gravestone bearing the name - Massillon Farley.

"A soldier of the Texas Army stationed at the Camp at Harrisburg April 21, 1836," the gray gravestone reads.

"First Chief Justice (County Judge) of Milam County. Died in 1832" you read and know why his grave was selected for the gravestone erected by the State of Texas.

In future years, Milam historians feel Massillon Farley will not be the only Milam Countian to gain this state honor.

**HISTORICAL MARKERS**  
The Texas Historical Society is presently planning to erect more monuments, gravestones and site markers throughout the state of Texas.

Gov. John Connally is also trying to promote more tourist trade

through the interest in Texas history values.

Milam County, rich with history and early one of the settled areas, looks forward to more emphasis being placed on the work of the early pioneers.

The gravestone for Massillon Farley came some 50 years after his death.

In 1936 Milam County participated in the Centennial of the Texas Independence.

One of her native sons, Louis Wilt Kemp, born in Cameron, was chairman of the Advisory Board of Texas Historians. He aided the commission of control for the Texas Centennial celebration in erecting markers and monuments throughout the state.

The commission erected one statue, eight markers and one tombstone in Milam County.

"Being the first Chief Justice of Milam Land District was a position held in high esteem, said local historian John Henderson Sr. "The district was a tremendous area."

Back then, in the days of the Republic, the Milam Land District was composed of 1-5 to 1-3 of the then known Republics of Texas. Some say over 30 counties were in the district while other historians believe there were many more.

President Sam Houston nominated Farley as Chief Justice when this country was organized in Dec. 20, 1836. He was then elected by the Senate and held his position three years.

The first elected officials who served with Farley were Thomas A. Graves, sheriff and also tax collector; W. L. Murray, district clerk; William D. Thompson, county clerk and Justice of the Peace; John Bailey, Joel Moore and William Walker.

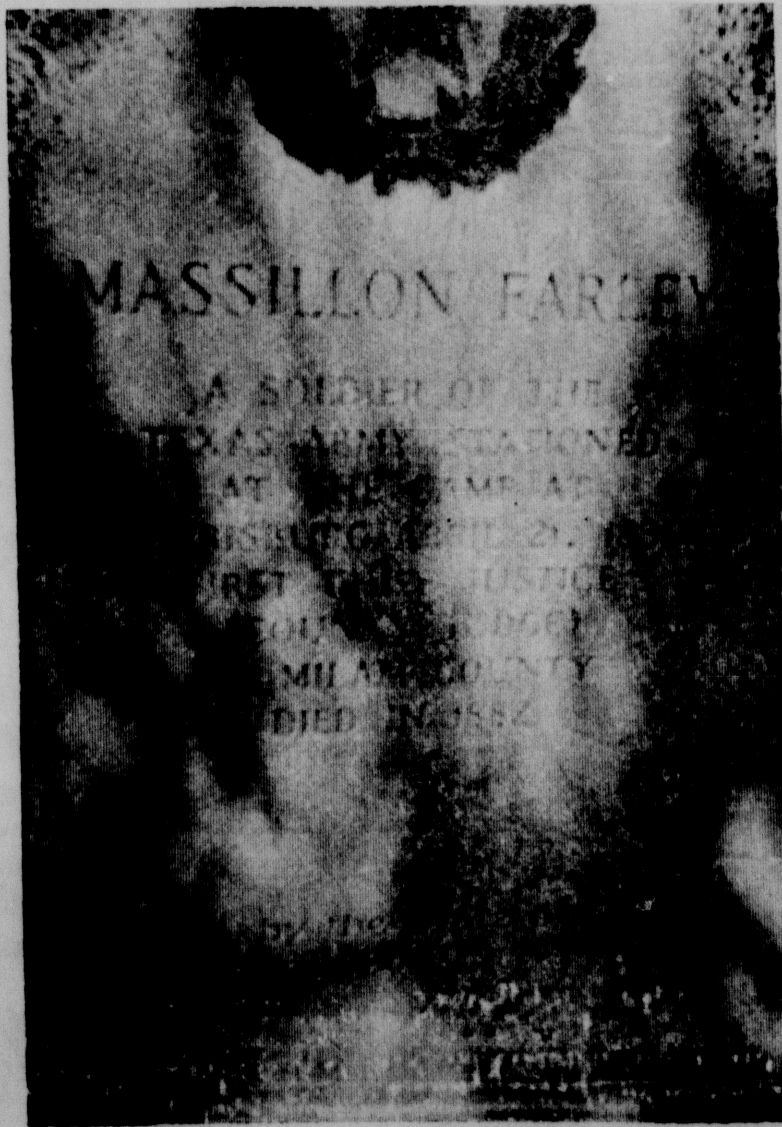

Farley's position as Chief Justice was much like the duties of the county judge today. The chief justice of the county, joined by all the justices of the peace, comprised the board of commissioners of roads and revenues. Their duties were substantially those of present day county commissioner courts.

In addition the chief justice and two associate justices presided over the county court which had probate jurisdiction.

"Little personal history is known about Massillon Farley which is in many ways a shame," Henderson lamented.

Although records are vague, it is thought that he came here from Massachusetts and during his early years he was a lawyer.

What happened to him after he was chief justice remains a mystery.

AFTER CHIEF JUSTICE, WHAT?

Wilkinson, Jr., Cameron, applies stage make-up for his roll as Prospero in "Madwoman of Chaillot" performed this week by students in the University of Texas Department of Drama summer workshop. Wilkinson is one of the 35 students accepted for this summer theatre workshop where they participated in acting, directing, stagecraft and make-up.

## Weather Conditions Effect On Plant Disease Problems

COLLEGE STATION The prevailing weather conditions of a locality have a great effect on development of many if not most plant diseases, says Wendell Horne, Extension plant pathologist, Texas A&M University.

"Growing plants is a scientific endeavor, and one must learn to correlate a number of factors, including weather conditions, in order to achieve a high degree of success," he adds.

Temperature is one of the most important climatic factors in plant disease development. Some diseases occur most rapidly in a low temperature range, while others thrive in a warm atmosphere.

For example, cotton seedling disease is more severe when soil temperatures are lower than normal. However, cotton root rot is most destructive in the hot summer months of July and August.

Moisture is another important element to be considered in plant disease development. Leaf mold of tomatoes, a disease which occasionally occurs under normal field conditions, is nearly always a problem in greenhouses where high humidity prevails.

## Nancy Ludecke In

## Resort Show Finals

A ten-year-old girl whose ambition is "to be Little Miss Atlantic City" took the finishing step in that direction last week when she won the first week's competition in the Little Miss Atlantic City Contest.

Nancy Lee Ludecke, daughter of Mr. and Mrs. Lefty Ludecke of Somers Point, New Jersey, and granddaughter of Mr. and Mrs. Richard Ludecke of Burlington, will be among the six finalists from whom the Little Miss Atlantic City will be chosen at a fashion show on August 15.

Miss Ludecke hopes some day to be a model.

## MURRAY GO ROUND

By Tom Murray

Johnny Temple was rarely accused of hesitancy in speaking his mind during a long, sometimes explosive, career as a National League infielder.

He has not changed. The popular Houstonian sometimes second-guesses Houston Astro Manager, Luman Harris, on a nightly Bill-H radio sports program.

Like this little ditty: Call it: "Johnny, don't you think Luman Harris waits too long to pull his pitchers?" To which Temple hesitates a good 10 seconds, then says, "I definitely do think Luman has been waiting too long to pull his pitchers. I think we would have won several of those close games if he had gotten the pitcher out of there sooner."

Temple proceeded to explain his reasoning. And it was authentic. Whether he makes a 100 percent correct appraisal is immaterial. Johnny's approach is refreshing and in good taste. Astro fans might enjoy flipping the radio dial to catch his comments.

He not only draws on a vast knowledge of the game he played so well, but is not inhibited by the fear of contradiction.

Johnny Temple has a pleasing voice, too. You may not agree with his views, but never fear. He is used to that.

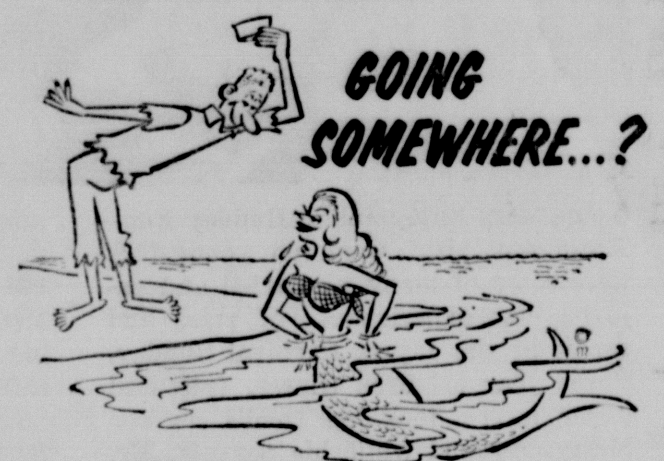

## DITTOES:

U. T.'s Bibb Falk, the most successful collegiate baseball coach in the country, has always been a

tough guy to drag a compliment from. Like one of his pitchers, a couple of years back, who signed a professional contract. I don't think he'll make it," growled Falk, a great major leaguer, himself. "He's a loafer and a poker player." ... Did you know that Bobby Bragan, who once spent as much time leaving games at umpires' request as managing, was thumbed from only two games his first year as Milwaukee boss? ... Remember Sandy Amores, the 1953 Dodger World Series star? The former Brooklyn outfielder is with Jalisco of the Mexican League.

Strange, but true. The 1956 Dodgers won the National League title but were in first place only 14 days of the pennant race. ... To eliminate loudspeaker feedback at the Astrodome, each announcement is recorded on tape and played back instantaneously via the individual speakers. ... Blackie says, "And there was the guy who cured himself of swearing only to discover it was time to make out another tax report" ... Did you know politicians called South Bend, Indiana, home of Notre Dame, a poverty area?

Mr. and Mrs. Roman Marak and daughters, Janice and Betty, vacationed in Houston where they visited relatives and made a tour through the Astrodome with Mr. and Mrs. Frank Kamenicky.

### GAS AIR CONDITIONING SAVES MONEY AND HEADACHES YEAR AFTER YEAR

You save in operating efficiency, low maintenance, amazingly long service. Combined heating and cooling costs with gas are substantially lower than for electric heating and cooling. Add to that the savings in maintenance and electric compressor replacements and you'll see why gas is your best home air conditioning investment.

### LOW DOWN PAYMENT, AS LITTLE AS \$25/MO. FOR 2-8-TON UNIT

This new gas unit for medium-size homes both cools and heats ... puts the world's finest air conditioning in reach of everyone.

### HOW GAS UNITS CAN LAST TWICE AS LONG AS ELECTRIC

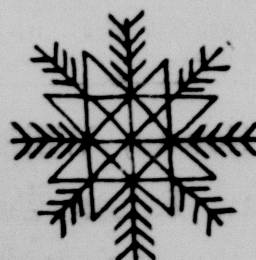

Gas cooling for homes has no compressor. A simple gas flame is the heart of the cooling cycle — with few moving parts to

wear or need repair. No wonder the life-expectancy of gas air conditioning is double that of compressor types!

### SPECIAL SUMMER GAS AIR CONDITIONING RATES

Owners of gas air conditioners get reduced gas rates for cooling during the hot summer months. This makes for even more economy from an efficient gas unit!

### CALL FOR A FREE ESTIMATE ON GAS AIR CONDITIONING. NO OBLIGATION.

Don't be fooled by "horseback estimates" on costs! Get a bona fide air conditioning price from Lone Star Gas and compare with the price of the same size electric unit. You'll find the little extra per month to buy a gas unit buys you a lot more air conditioning over the years! There are two types of gas systems for the home: a combination cooling and heating system and an add-on cooling system. Investigate the possibility of gas air conditioning your home now.

# "Mr. Sportsman" George Barr Paid Final Tribute

By L. E. Sapp

Final tribute was given George Barr Wednesday by the many friends and sports enthusiasts who referred to him as Cameron's "Mr. Sportsman" himself.

This man, who gave of his free time to the youth of this city, suffered a fatal heart attack while working at what he loved best—baseball.

"He was always around to help out wherever he was needed," said W. K. Leonard, president of the Cameron Little League Association.

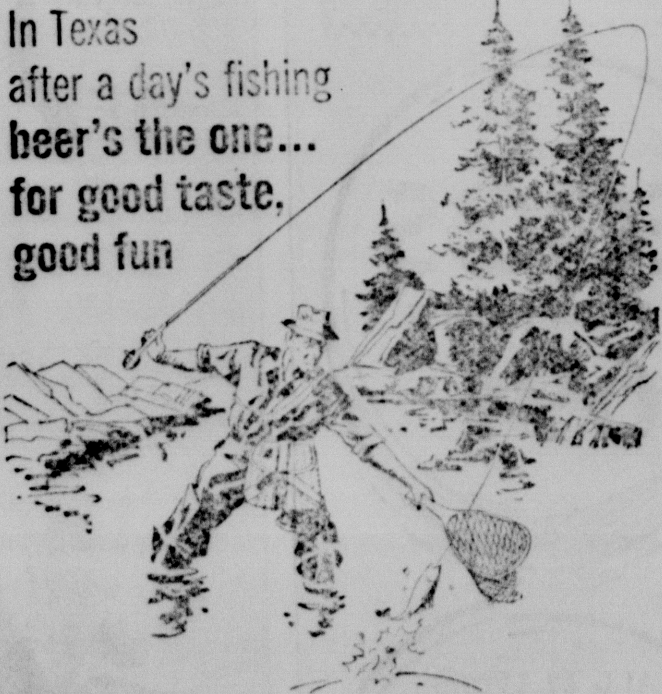

This year, as in the many years past, he eagerly worked as an umpire, helped coach or announce. He was helping coach a Little League team Monday night when he fell ill at the age of 63.

"I have never been to a baseball game when Mr. Barr was not there, he was usually working in some capacity and in this effort was very beneficial to the youth of our town," said Forrest Sapp, president of the Chamber of Commerce.

"Mr. Sportsman" was known throughout the city as not only a

In Texas after a day's fishing beer's the one... for good taste, good fun

Wherever you fish for sport—on the ocean, by the booming surf, or on some quiet country pond, it's great at the end of the day to head for a rewarding glass of beer. While you're talking over the ones that got away, or pan-frying the ones that didn't, you enjoy the hearty taste and cool refreshment only a glass of beer can give you so well. Yes, whatever your sport—bowling or strolling, golfing or gardening—a frosty glass of beer makes a naturally great accompaniment.

# Invitational Golf Tournney Draws 66

Sixty-six young golfers from throughout the state were in the middle of play in the Cameron Junior Invitational Golf Tournment at press time Wednesday.

The young contestants were vieing in four flights for the championship trophies. Golfers were competing in flights held according to age, 17-18 years; 15-16 years; 13-14 years and 10-12 years of age.

Following the first nine holes of play, in the 18-hole tournament,

# Hustlers Continue Minor League Lead

The Hustlers squeaked by two more games in Minor league play during the past week to retain their undefeated record and continue to lead league play.

Last Thursday the Giants took an early four score lead in the 1st and 2nd innings and held the Hustlers scoreless until the 3rd when they racked up three runs. The Hustlers added two more in the 5th to go ahead to win 5-4.

David Hollas hit a triple for the Giants in the 1st inning and knocked in two runs. Craig Frielmel hit a triple for the Hustlers and knocked in two runners.

Winning battery was John Barron with Randy Sapp behind the plate. Hill Culpepper took the loss for the Giants.

Tuesday night the Hustlers and Yankees played a 3-0 ballgame. The Hustlers scored in the 1st, 3rd and Jeff Smitherman knocked a home run in the 5th for the night's scoring.

The Yankees threatened in the 4th with bases loaded. Craig Frielmel starred for the Hustlers on the mound and stopped the threat.

Kenny Leonard took the loss for the Yankees.

# Pony League Team Blast Managers 11-3, Seek More Games

Cameron's Pony league teams are still looking for games in te Central Texas area, Coach Nubby Moore said Monday.

The teams have been getting only a few games this season and these with Rogers and the "older set."

Last Saturday the managers of Little League teams braved up for a second time only to fall to the strong Pony league team. With the help of two home runs, the Pony league team outscored the Managers 11-3.

For the first time, the annual 4-H Report to the Nation will come to Texas, July 19-24. The reporting team, Patty Porter, Terrell, Margaret Edmundson, Nevada, Jack Harper, Louisiana, and Wayne Dabney, Oklahoma, were selected last April while attending National 4-H Conference in Washington, D. C. They will visit the Bryan-College Station area, Houston, Lubbock, Midland, Odessa, El Paso, Amarillo and Fort Worth and will travel by plane. Local 4-H members will participate in activities planned for each stop in the state.

**SORGHUM MIDGE IN MAIZE**

The sorghum midge is a very small insect that is difficult to recognize because of its size. This tiny fly, too small for most growers to notice, has become a serious threat to late planted maize and cost the grain farmers of Texas an estimated four to seven million

dollars in 1963. This insect affects the maize head during blooming stage causing the head to form without grain.

A number of insecticides are recommended in the guide, MP-329, Sevin, Toxaphene, Adrin, Parathion, Thithion, Diazion and Ethion may be used to control the midge.

MRS. MARVIN BEN GREEN

## Ceremony Unites Zavrel - Green

A double ring ceremony at St. Monica's Catholic Church united Miss Patricia Ann Zavrel and Mr. Marvin Ben Green at 4 p.m. Saturday, June 26.

The bride, daughter of Mr. and Mrs. Ladis J. Zavrel, Buckholts, is a graduate of Buckholts High School and is employed at Scott and White in Temple. Mr. Green is the son of Mr. and Mrs. Willis E. Green, Rt. 4, Temple. He is a graduate of Rogers High School, attended Temple Commercial College and is employed at Good-year in Temple.

White gladioli and greenery formed a background for the ceremony performed by Rev. John Geiser and Rev. Paul McCallum.

The bride, given in marriage by her father, wore a floor length gown of silk organza and aloncon lace over satin. The bodice, forming a V in front, was fashioned with scalloped neckline enhanced with seed pearls and sequins. The bouffant skirt was designed with tiny aloncon lace rosettes in front and back.

Her elbow length veil of nylon tulle was held in place with an open crown of seed pearls and sequins. She carried a cascade bouquet of white feathered carnations centered with a large white cattleya orchid.

Mrs. Edward Green, sister of the bride from Hallettsville, was matron of honor. Bridesmaids were Misses Elvira Fuessel, Madeline Roessler of Arlington, Mary Frances Ruzicka of San Marcos,

and Carolyn Van Gonten of Buckholts. Attendants wore gowns of yellow chrysanthemums with leather leaf fern and yellow streamers. Their hats were a yellow rose of poie de soie and net.

Serving his brother as bestman was Kenneth Green of Temple. Groomsmen were Justine Hering of Rosebud, Clarence Grygar of Temple, Raymond Doskocil of Westphalia and Edward Green of Hallettsville. Ushers were Jerome Hoelscher of Temple, regis-Schiller of Burlington and Frankie Joe Hubnik of Cameron.

A reception honored the couple at Simon-George Hall. Mrs. Jerome Hoelscher of Temple registered guests.

The serving table was covered with a cloth of white hand-made lace over white and held a silver punch and coffee service and 4 tier wedding cake. The table was centered with the bride and bridesmaid's bouquets.

Mrs. Dennis Gudat of Austin and Miss Barbara Michalka served the cake. Miss Carol Helpert and Miss Marilyn May of Temple served punch and Mrs. Wayne Green of Grashek presided at the coffee service.

Others in the houseparty were Mrs. Robert Jungmann, Mrs. Bill May, Mrs. Adolph Luska, Mrs. Johnnie Janciek and Mrs. Leona Schiller.

The couple will make their home in Temple.

COLLEGE STATION

Today's family life educators have an obligation to place real-life source material before adolescents and help them interpret it.

Patsy Reynolds, Extension family life education specialist at Texas A&M University, said this theme was emphasized by leading speakers at the recent meeting of the American Home Economics Association in Atlantic City, N. J.

Key speakers set the convention's pace with discussions on "Sex and Social Responsibility," "Living in a New Kind of World," "Horizons for Today's Girls," and "Expanding Options for Women."

The changing habits of a woman's life—which reflect our complex and changing society—will receive a lot of attention from professional home economists during the coming year, Miss Reynolds predicted.

Attacking the "tripe and drivel" written about sex that is "for the most part dishonest, hypocritical and half-baked," Dr. Mary S. Calderone, executive director of the Sex Information and Education Council of the U.S., Inc., New York City, said:

"Sex is not something we do, but something we are. We have an obligation to place real-life materials before teenagers. The message we need to get to them is that sex is not a problem to be controlled, but a vital force to be utilized—an intense, vital human excursion, admission to which must be earned by some degree of maturity."

Another major speaker, Guin B. Hall, deputy commissioner for Woman's Program, New York State Dept. of Commerce, said that "girls should be prepared to meet the future with the greatest flexibility. This includes a package of basic talents—good education, several skills, sound knowledge, interest in assuming responsibilities, the ability to adapt to new ideas and to think independently."

### Eleanor Ann Pope To

### Marry Mr. Campbell

Mr. and Mrs. H. C. Pope of Buckholts announce the engagement and the approaching marriage of their daughter Eleanor Ann to Mr. Robert Harris Campbell. Mr. Campbell is the son of Mr. and Mrs. Harris Campbell of Centerville.

Miss Pope graduated from Sharp High School and attended Blinn College at Brenham. She is a graduate of Sam Houston State College at Huntsville where she majored in elementary education. She was a member of Kappa Delta Pi, honorary education society, Texas Student Education Association, and Association for Childhood Education.

Mr. Campbell is a graduate of Blinn College and is also a graduate of Sam Houston State College.

An August wedding is planned. Both will teach in the Cypress-Fairbanks school system.

### Mrs. Williams

### To Attend '65

### GAS Roundup

Mrs. Lester Williams of Cameron, a director of the Colorado Lakes Council of Girl Scouts, will attend the Senior Girl Scout Roundup July 15-23 in Farragut, Idaho.

Among some 2,000 adult leaders and 9,000 Girl Scouts from across the U.S. and the world, Mrs. Williams will serve as staff cafeteria hostess during the Roundup.

"I am indeed looking forward to being a part of such a large gathering of girls," Mrs. Williams said.

With a theme of "A Promise in

Action" and a slogan of "On the Trail to Tomorrow," the Roundup, held each three years, will attract girls selected for reasoning ability, Mrs. Williams continued.

"Roundup should give them experience making decisions, exercising initiative and acquiring values," she emphasized. "Most of these girls have been in Girl Scouting seven or more years."

The host of Girl Scouts will attend forums, flag ceremonies and other area events. Attending will be members of the World Association of Girl Guides and Scouts as well as thousands of members of Girl Scouting.

"These girls have a sense of civic responsibility, poise and equilibrium," Mrs. Williams said, "and it will be a distinct pleasure to visit their patrols and hear parts of their programs."

### Miss Ingram - Robert Moraw

### Wed At St. Monica Church

Miss Johnnie Lee Ingram and Mr. Robert John Moraw exchanged wedding vows in a double ring ceremony at St. Monica's Catholic Church Saturday, June 26, at 10 a.m. The Rev. Paul McCallum officiated and Rev. John Geiser assisted.

The bride is the daughter of Mr. and Mrs. Jack Ingram of Cameron. She attended Yoe High School and is a 1964 graduate of Temple Academy of Cosmetology.

The bridegroom is the son of Mr. and Mrs. Willie Moraw of Route 1, Cameron. He is a 1964 graduate of Yoe High School and is employed with Cameron Lumber Co.

The wedding was performed before a background of white gladioli and tapers. Wedding music was provided by Mrs. Frank Hanel, organist, and Mrs. Henry Schattler and Miss Monica Mikula, vocalists.

Mr. Ingram gave his daughter in marriage. The bride wore a semi-fitting full length dress of white embossed cotton. It was topped with an empire length jacket featuring long tapered sleeves

that came to points over the wrists and a chapel length train.

The elbow length veil of silk illusion was held by a matching band. A white orchid centered the bridal bouquet of white carnations and stephanotis.

Mrs. Kay Moraw was matron of honor. She wore a street length dress of blue lawn and white lace featuring an A-line skirt. Her accessories were white and she carried a cascade bouquet of blue carnations.

Miss Debbie Ingram, niece of the bride, was junior bridesmaid. Her dress was fashioned of blue lawn. She wore white accessories and carried a cascade bouquet of blue carnations.

Edward Moraw served his brother as best man, Junior groomsmen was Kelly Pack. Ushers were Eugene Schattler and Pat Dillon. Acolytes were Harold Hollas and Arthur Jistel.

Immediately following the ceremony, the reception was held in the Western Room of the Texan Cafe. The bride's table was covered with ivory lace over blue and held an arrangement of white

### Shoaf - Zbranek

### Vows Exchanged

Miss Dianah Shoaf and Johnnie Lee Zbranek exchanged wedding vows in a double ring ceremony Saturday morning at the Holy Rosary Catholic Church in Hostyn, Texas.

The bride is the daughter of Mr. and Mrs. Robert L. Shoaf of Houston. The bridegroom's parents are Mr. and Mrs. Henry Zbranek of La Grange.

Given in marriage by her father, the bride wore a princess style street length gown of white lace featuring three quarter length sleeves and tiny buttons down the front. Her shoulder length veil of illusion was attached to a tiny cap embroidered with seed pearls. Her bouquet was a large orchid surrounded by white carnations.

Mrs. Betty Jean Jurecka, sister of the groom, served as matron of honor. She wore a street length dress of pink taffeta with matching accessories.

Roy Jurecka, brother-in-law of the groom, served as best man.

Following the ceremony all guests were invited to a dinner honoring the bride and groom.

Out of town guests included grandparents of the bride, Mr. and Mrs. J. P. Coward of Cameron, Mrs. Johnnie Schulte Jr., of Houston and Mrs. Elton Coward of Houston.

Also attending were the groom's grandparents Mr. and Mrs. J.E. Sulik and Mrs. Frank Zbranek, all of La Grange.

### Mr. and Mrs. Leland Edward Harris of Houston announce

the approaching marriage of their daughter, Dianne to Rodney Folschinsky, son of Mr. and Mrs. Lee Roy Folschinsky of Ben Arnold. The wedding will be at Park Place Methodist Church, Houston, Saturday July 17. Miss Harris and Mr. Folschinsky are graduates of Sam Houston State College, Huntsville.

flowers. On either end was the crystal punch service and the four tiered wedding cake.

Mrs. Harvey Kimbrel and Mrs. Tom Woods served. The bride's book was attended by Mrs. Mary Caldwell, sister of the bride.

After a short trip, the couple will be at home at 304 West 10th Street in Cameron.

Mr. and Mrs. Lee Scholtz of La Grange announce the engagement of their daughter, Marilyn, to Allen Eugene White, son of Mr. and Mrs. William Allen White of Baytown. Miss Scholtz is Circulation Manager for Western Publications, Inc. of Austin. A graduate of the University of Texas, Mr. White is employed by TRAC-OR Inc. of Austin. Mr. White is the grandson of the late Mrs. Alma White of Jones Prairie and Mr. and Mrs. Walter Malone, formerly of Cameron, and now residing in Baytown. The couple plan to be married September 11 at St. Paul's Lutheran Church in La Grange.

## Annual County Crops Tour Set For July 13

By J. D. Moore

The annual Milam County Crops Tour will be held July 13, according to Coleman Duncum, Chairman of the Milam County Crops Committee.

The group plans to meet Ben Spears and John Box, Specialists from Texas A&M, at Bailey's Store in Branchville at 8 a.m. to begin the tour.

A number of tests will show maize varieties including a discussion on sorghums midge, chemical used and grass control, corn and cotton varieties and irrigation.

Those interested are urged to attend. We should finish the tour by noon.

### SORGHUM MIDGE IN MAIZE

The sorghum midge is a very small insect that is difficult to recognize because of its size. This tiny fly, too small for most growers to notice, has become a serious threat to late planted maize and cost the grain farmers of Texas an estimated four to seven million dollars in 1963. This insect affects the maize head during blooming stage causing the head to form without grain.

A number of insecticides are recommended in the guide, MP-3.9, Sevin, Toxaphene, Andrin, Parathion, Thionin, Diazin and Ethion may be used to control the midge.

### 4-H REPORT TO NATION

For the first time, the annual 4-H Report to the Nation will come to Texas, July 19-24. The reporting team, Patty Porter-Terrell, Margaret Edmundson, Nevada, Jack Harper, Louisiana, and Wayne Dabney, Oklahoma, were selected last April while attending National 4-H Conference in Washington, D. C. They will visit the Bryan-College Station area, Houston, Lubbock, Midland, Odessa, El Paso, Amarillo and Fort Worth and will travel by plane. Local 4-H members will participate in activities planned for each stop in the state.

The 4-H Program Committee met in Thorndale at 3 p.m. and planned the last minute arrangements for the night program.

The 4-H members present were Peggy Stephens, LeRoy Stephens, Peggy Stephens, LeRoy Stephens and Mrs. Boyd Stephens.

Bad driving manners contribute heavily to highway casualties.

## 2nd Pedigree For Breeding Cattle

Buyers at breeder beef cattle sales will soon be studying two pedigrees instead of the usual one.

A growing trend in Texas and other states is to supplement the standard family tree information with a production or performance pedigree that more accurately describes the animal's real breeding value. Such pedigrees are production records based on actual performance.

L. A. Maddox, Extension Service animal husbandman in the Texas A&M University Animal Science Department, looks for the practice to become common in the near future.

"Ten years from now, very few breeder sales will operate without this information for buyers," he predicted. "With this kind of data, the buyer can come nearer evaluating what a young bull, for example, is capable of than ever before. It's better than relying on an ancestor pedigree."

Several major sales in Texas have used the system in the past

few years, the most notable recent one being the Nine-Bar Santa Gertrudis sale at Cypress. Thirty head averaged \$7,963. Ten bulls averaged \$18,210, with the top bull going to the King Ranch for \$58,000.

Maddox said the usual information in a production pedigree includes weaning weights of sire, dam and calves; gaining ability of sire and calves, complete fertility data on dams, and carcass information from a random sample of a bull's calves.

He added that breeders can gather such records on their herds in several basic ways:

(1) All major breed associations have their own performance testing programs.

(2) The Performance Registry International of Denver, Colo. This is the oldest organization which has accumulated production records for breeders. It was established in Texas in 1954 at a time when breed associations were hesitant about value of production re-

ords.

(3) The Texas Agricultural Extension Service offers help thru local county agents. Agents have been working with breeders for the past 12 years.

(4) Some private consulting firms offer the service.

The Home Improvement group met on June 26 and 28 to complete the 4-H Unit.

A workshop was held on Saturday 26 and Debbie Hanel, Regina Fleming, Mary Carolyn Matula, Beth Brock, and adult leaders Mr. and Mrs. Wayne Fleming attended. The group studied and analyzed bedroom arrangements and discussed general arrangement principles. The group helped Regina Fleming analyze her bedroom plan.

Regina Fleming and Debbie Hanel presented a filmstrip and script on "Decorating Made Easy," that discussed the importance of furniture arrangement, color scheme design, and periods of furnishings.

The Home Improvement group studied and discussed bedroom clothing storage, proper lighting, curtain selection and measurement, selecting paints and techniques in painting, and selection of wall paper.

The Monday, June 28 meeting in the morning, Regina Fleming finished a table, while Cynthia Krieg and Beth Brock assisted both girls with their work.

During the afternoon of the 28, the group studied the principles of good flower arrangements, and prepared a flower arrangement of ever lasting flowers, then Debbie Hanel demonstrated waste basket making.

The group discussed picture hanging, selection and placement, accessories in general and the importance of choosing them wisely. Regina Fleming then oil stained and sealed her night stand.

The 4-H girls going as delegates will be Kathy Harris, Margie Orr, 4-H adult leader will go along as super-

of Thorndale 4-H, Ellen Luckey of Countywide 4-H, Betty Margaret Orr of Rockdale 4-H, and Mrs.visor. These girls were chosen as a result of their promise as leaders in their own club.

Miss Fritz Asher of Thorndale 4-H and LaNel Fitch of Troup, formerly of Thorndale 4-H, will represent Miami County as Junior Leaders due to their experiences gained at Electric Camp in 1964.

## Summer Transplant Of Interest If You Buy, Build New Home

COLLEGE STATION  
If you've just purchased or built a new home, chances are you are ready to try some summer transplanting of trees and shrubs.

Everett E. Janne, Texas A&M University Extension landscape horticulturist, says it isn't necessary to wait until fall or winter to set out shrubs and start a landscape program.

Although most reference authorities do advise you to wait until the dormant season, many reputable nurserymen will be happy to provide you with balled and burlapped plants or container-grown plants which can be transplanted most any time, Janne says. It's best to avoid planting just before leaving on vacation—unless you have a reliable yard man to look after the plants while you're away.

When transplanting balled and burlapped or container-grown plants, be sure to select those which are healthy and have a good color. Avoid misshapen and off-color plants, for they're usually slow to become established.

When transplanting, the hole should be the same depth as the ball or container, and considerably larger in diameter. A good rule of thumb is to make the hole 50 percent greater in diameter than that of the soil ball. If the soil is poor, remove, add good topsoil or compost. A poor soil can be improved by adding peat moss—30 to 50 percent by volume—to the existing soil and using it as backfill. This encourages new root development, provides better moisture holding capacity, and improves aeration of the soil.

Place the plant in the hole at the same depth it originally grew. Fill up around the soil ball with the prepared soil, firming it in place. When the hole is about ¾ full of soil, fill the rest of the way with water. Allow to soak away. Then finish filling the hole with soil, but do not tamp it in place.

If you are planting a burlapped ball, it's best to remove the upper portion of the burlap to prevent girdling the trunk in case the fabric is slow in rotting

near the surface. The lower portion will readily decompose. Delay fertilizing until after the plant has started to put on new growth, suggests Janne.

## New Note For Optimism . . .

The Elm Creek Watershed, turned back twice by area vote downs, has received assurance of maintenance support from Milam Commissioners Court. The way is clear for working out the financial steps to building some 40 or more flood control structures, 16 of them in Milam County.

When one witnessed the devastation caused by the spring floods along Elm Creek and then looked at established watershed areas where damage was light, one wonders why this program was not seen satisfactory earlier in this decade.

But now the obligation of maintenance, which is quite light, is being accepted by county commissioners in Bell, Falls and Milam Counties. The loss in roadways and other public facilities such as small bridges would exceed in one flood year what it would cost to maintain these new structures in perhaps 10 or more years.

It looks hopeful for that area of Milam, Bell and Falls-McLennan Counties which has seen considerable losses in two of the past eight years. And the prospect of recreation on some of the larger water structures add another dimension to the program.

It adds to the growing optimism for the Cameron-Milam area.

## Missiles, Maybe, For A Big 'Bang'

A missile crisis, perhaps a re-enactment of the Cuban showdown of 1962, is developing in North Viet-Nam.

State Department acknowledges ground-to-air missile installations, made in Russia, going up in the Hanoi area. State does not comment on the prospect of medium range ground-to-ground missiles being there too.

But the presence of B-52 bombers, emptying their bomb bays over the impenetrable D-Zone, suggests that the missile sites will be receiving some attention when reconnaissance establishes that bigger missiles can be fired "down

## State Studying Water Needs

Water remains very much in the spotlight over the state.

As June ended, cattle were in better than average condition, says the US Department of Agriculture. Pastures and ranges continued to furnish good grazing and rising cattle prices have resulted.

On the High Plains heavy showers boosted range prospects, but grass growth was slowing in many areas because of high temperatures which sapped soil moisture.

In the Trans-Pecos ranges some farmers and ranchers were forced to begin supplemental feeding.

Some farmers have been combating the rain problem by irrigating their crops. A point study by the USDA, the Texas Water Commission and the State Soil Conservation Board indicates that irrigation in Texas rose significantly from 1958 to 1964. Amount of water used increased nearly one third, to 12, 500 acre feet or an average of 18 inches per irrigated acre.

Amount of irrigated land increased by about 15 per cent during the six-year period. Much of the gain occurred in the High Plains—in the upper parts of the Canadian, Colorado, Brazos and Red River Bas-

ins—but some of it also was in the basins of the Rio Grande and Nueces Rivers.

By next September studies to show how much water will be available in 2020 from Texas reservoirs and ground water strata already in use will be complete.

Then will come the job of finding additional sources to match yields to needs. This will involve searching for new surface water supplies as well as desalinization of poor underground water.

When in-basin sources are checked out against the needs of each river basin, the planners expect to find some of the heavy rainfall regions will have more water than they will need, even to 2020, while others will not have enough.

Then, the question will be: where to take the surplus?

**\$100,000,000 SURPLUS**—State government will begin the new fiscal biennium with a surplus of nearly \$100,000,000. But it will wind up with a balance of only \$4,200,000, according to estimates of the Governor's budget office.

In a recap of legislative spending, Gov. John Connally's staff totalled all appropriations at \$3,730,000,000, of which \$622,900,000 will come from general revenue. (Vetoes by the governor of \$2,600,000 from the spending bills are deducted.)

Figures put state cost of the average \$553 teacher pay raise at \$70,690,000 for the two-year period beginning September 1.

Total new revenue provided by the 59th Legislature will come to \$82,500,000, according to revised figures. Biggest portion of this comes from the three-cents-a-pack increase in the cigarette tax.

**HOSPITAL TRANSITION**—Texas' vast system for treating the mentally ill, mentally retarded and victims of tuberculosis is entering a vital transition period.

On September 1, realignment and reorientation of these facilities and services, as enacted by the 59th Legislature, will go into effect. Separation of the tuberculosis hospital treatment program from the mental health and retardation services and consolidating it with the State Health Department, which now handles case finding and follow-up work.

Abolishing the existing hospital board—a general policy-making agency for mental and tuberculosis hospitals and special schools for the retarded—and creating a new Department of Mental Health and Retardation. A new, nine-member board will replace the present Board for Texas State Hospitals and Special Schools.

## OLD PHILOSOPHER

Dear editor:

On an average weekend during the summer I estimate there must be at least 20 million lawnmowers running in the United States, and while it's no concern of mine, the noise doesn't bother me. I can't hear it from out here on this Johnson Grass farm, and I don't own one myself. I let a cow do the mowing, it's cheaper, no breakdowns, requires no fuel and you can do it while sitting in the shade on the front porch. Still I was interested in an item I read in a newspaper last week while my cow was cutting the grass.

According to it, some scientists have developed a new lawn grass that grows solid but only three inches tall. Stays the same height, no matter how long you let the sprinkler run. Never have to mow it.

I was discussing this with a friend of mine in town who mows his lawn every week and is good at figures and sells lawnmowers.

"Look," he said, "say there are 20 million lawnmowers in this country and they average about \$50 each. That's a billion dollars worth of lawnmowers. Also, they must use at least \$100,000 worth of gasoline a week, parts are always needing replacing, blades have to be sharpened, lots of boys earn \$2.50 a lawn or more mowing for other people, hospitals get bus-

Sweeping new concepts of care, spelled out in recommendations of statewide study committees named by Governor Connally, are expected of the reorganization.

**AUTO INSURANCE HIKES**—Auto liability insurance rates will increase an average of 14.4 per cent on August 1. Rates will vary widely in the 26 rating areas in the state.

However, some coverages will go down in cost, by as much as 17 per cent. These policies are for insurance against losses not connected with accidents—such as fire and theft.

State Board of Insurance says it has carefully reviewed the loss data forming the basis of the rate changes and finds that the new rates will be "adequate and reasonable as required by law."

In another area of insurance, Texas companies have had more than \$15,000,000 worth of claims from hail and storm damage. By this time last year, \$9,000,000 had been paid in such claims. Biggest blow came from the Wichita Falls storm of May 27.

**Boundary Committee Named** Governor Connally has named a seven-member committee to negotiate with Louisiana in an effort to settle a long-standing dispute as to the Sabine River Boundary between the two states.

Connally appointed his executive assistant Larry Temple, Land Commissioner Jerry Sadler, Atty. Gen. Waggoner Carr, Sen. Martin Dies Jr. of Lufkin, Sen. Jack Strong of Longview, Rep. David Crews of Conroe and Rep. Charles Wilson of Lufkin.

Recommendations as to location of the boundary line will be submitted to the state legislatures and the Congress of the U.S. for ratification.

Louisiana has claimed the boundary is the west bank of the Sabine. Texas maintains that the center line of the rivers is the correct line. Ownership of the area south of the mouth of the Sabine also is in dispute.

Valuable oil and gas are at stake.

### INSECTS IN STORED GRAIN

Farmers can save money by keeping insects out of stored grain. Max Meisch, an Extension entomologist at Texas A&M University, says local county agents can supply detailed information on preventive measures.

Let the scientists go ahead and get the grass ready, but don't sell it. Rent it.

Big business half the time doesn't own its big electronic calculating machines. They're rented. You don't own your telephone, do you? Of course not, you just rent it for so much a month. When you get down to it, most people just rent their automobiles.

Get one of those rented calculating machines to figure up what the average man pays for mowing his lawn, then rent him this new grass on those terms. Add it to his telephone bill. Two billion dollars worth of lawn mowing money will still flow into the economy, nobody will be hurt, the economic index won't waver, and people can sit on their lawns on weekends and enjoy their tax cuts.

Yours Faithfully  
J. A.

The Cameron Herald  
Cameron, Texas  
Dear Friends:

Yes, "I could have danced all night"—and did a big part of my nights right there on that old Pavilion floor in the early Nineteen Hundreds. The City Park and the Pavilion was the meeting place of all gatherings and picnics. As a small child I remember riding my little donkey to the park to eat barbecue and hear Jim Hogg speak. He was only one of the many great speakers who visited Cameron and always speaking from that Pavilion. Others were Charlie Culberson, O. B. Colquitt, our beloved Tom Conally, Tom Ball and many others. At one time Cameron even had a candidate for Governor and I well remember riding a Sap Special to Waco where Monta Moore opened his campaign for that high office. Our coach carried a huge sign reading, "shall the trusts rule Texas or shall the people mount the steed of State?" I remember however that this steed did not get very far.

One of the big events of the year was the fireman's picnic held there at the park with speaking all day and dinner on the grounds. The barbecue pits were dug on the south side of the Pavilion and one Mose Lott, a colored gentleman from Worcester's market, superintended the barbecuing of fine home grown meats. The big question on everybody's lips was, "is the barbecue done?" but the mission was not accomplished until Mose himself gave the word. I did have a picture of these first fire fighters but sent it to Cameron some years ago. I remember Arthur Baskin who I believe was nozzelman, one of the Mondriks, the two Jinks boys, John O. Wolf and maybe Ernest Sharpe tho he was younger. The races took place on main street beginning about at the Baptist Church and ending at Baskin's corner.

We had the Chautauqua every year and many revival meetings there at the park—one of the last that I remember was the Ham-Ramsey in 1914—directed principally against liquor, dancing, card playing and forty twoin. We sang a song—"if you'll quit your forty twoin, you will outshine the sun" and many brought their dominoes and burned them right there at the altar.

As I remember Will Triggs was one of the first advocates of play ground equipment to which some folks objected on the ground that it was a useless expenditure of tax money. We had a "Civic League" whose main interest was the beautification of Cameron and especially the City Park and the cemetery. We had many fine presidents of this organization but I remember especially Mrs. Ben Baskin and Mrs. A. J. Dossett. Most everybody belonged to the league and gladly paid monthly dues. I know because I was the collector of those dues for many years.

About 1920 a swimming pool was added on the south side of the Pavilion. There where I rode my little donkey as a child and listened to famous speakers—danced as a young lady and was enthralled by Chautauqua programs each year, I was now swimming with my two little sons—a settled married woman.

Yes, the City Park and the old Pavilion have a very special place in my book of memories.

Your friend,  
Mrs. Don Lewis Avriett  
New Orleans, La.

## PRE-REGISTRATION OF STUDENTS IN Cameron Independent School District FALL OF 1965

Pre-registration of pupils planning to enroll in any grade in the Cameron Independent School District for the fall 1965 Semester will take place for a period of three (3) days, from August 2, 1965 through August 4, 1965. Under policies adopted by the Board of Education, parents or guardians may register pupils during this period at the school of their choice. At the time of pre-registration a choice may be expressed for either the nearest formerly Negro school or the nearest formerly white school. In the event of overcrowding, preference will be given without regard to race to those choosing the school who reside closest to it. Those whose choices are rejected because of overcrowding will be notified and permitted to make an effective choice of a formerly Negro or formerly white school.

The choice is granted to the parent or guardian and the child. Teachers, principals and other school personnel are not permitted to advise, recommend or otherwise influence the decision. Nor will school personnel either favor or penalize children because of the choice made.

Children not pre-registered on August 2, 3, 4, 1965, may be registered at the school of their choice on the three (3) days immediately prior to the opening of schools for the fall 1965 semester, but first preference in choice of school will be given to those who pre-register.

Annually after 1965, similar practices will be followed with respect to registering and enrolling pupils.

## TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

## GOD IS PLEASED WHEN HIS PEOPLE ARE GRATEFUL

It is a joy to relax at the end of a day that has been pleasant. Such a day has been agreeable not only to the individual concerned but it pleases God as well. It is the angers and the deceptions, the hatred and the resentments that make days unpleasant for many and surely they must leave God something less than pleased. Moreover they leave man incapable of gratitude.

God likes to witness gratitude. He likes to be thanked. Somehow, the life that is a grateful one flows with radiance and yields comfort.

The Church is a wondrous place to express gratitude to God for the days that please. It provides the atmosphere and environment to place each person in a grateful mood, a harmonious mood. It sends them away with the feeling that God has been glorified through their lives.

Mr. and Mrs. J. A. Kirapek and daughter Lora Elizabeth of Houston were here in the home of her parents Mr. and Mrs. Henry Helpert Saturday. They left for Waco for a visit to relatives.

Mr. Victor Fruka of Dallas and Mr. Charlie Boehme of Burlington were guests of relatives at New Ulm recently.

Last Sunday Mr. and Mrs. Edwin Boehme and family visited his father Mr. Charlie Boehme.

Mr. and Mrs. Chester Rogers of Galena Park were here on their farm last week. They visited Mr. and Mrs. L. F. Joricek and family.

Mr. and Mrs. Leon Ernst of Clarkson were guests of Mr. and Mrs. L. F. Janicek last week.

# HAPPY KID... his folks have ELECTRIC AIR CONDITIONING!

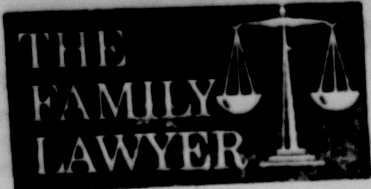

Kids, teen-agers, grown-ups... people of all ages and families of all sizes are happier and healthier during the sweltering months of summer, thanks to electric air conditioning. Electric air conditioning in the home means comfortable temperature around the clock for preparing and eating meals, entertaining, studying and sleeping. It means, too, a cleaner home and that means less housework. Whether you're about to install your home's first air conditioning system or up-date an existing system... make it the best... make it electric.

**ACT of GOD**  
Ask an atheist what is an act of God and he will say:  
"Nothing."  
Ask a fundamentalist and he may well say:  
"Everything."

But in law, the phrase "act of God" has nothing to do with religion. The law sits in judgment only on the acts of man. Calling an event an act of God is merely the law's way of saying it is not an act of man.

This distinction can be important indeed.

Suppose, for example, that a bolt of lightning strikes a tree in your back yard, toppling it onto the neighbor's garage. Obviously you did not hurl that lightning bolt. Nor could you have prevented the harm it inflicted.

Having played no role in the event, you are not legally liable for the damage. "Act of God" is a good defense.

But suppose the tree fell not only because of the lightning but also because it was badly rotted. Although you had known for some time that it might fall, you had neglected to take any precautions.

Surely, if God caused the lightning in the first case, He caused it in the second case as well. But now your own negligence played a key role in the outcome. Therefore, "act of God" is not a good defense. You could be held liable.

When should a force of nature be foreseen and guarded against? There is no easy answer. Thus, precautions fair to expect in a tornado belt might be unfair to expect in an area where tornadoes are unknown. A careful person makes due allowance, under all circumstances, for the likelihood that nature will kick up a fuss.

Most act of God cases involve weather. But not all. In one instance a farmer user his neighbor for crop damage caused by water leaking from a drainage canal. The neighbor replied:

"My canal did leak, but only because of holes dug by gophers. Since I didn't cause those gophers to dig, I am not to blame. This should be considered an act of God."

But the court held that, even

Visiting with Mrs. F. W. Worley during the holidays were Mr. and Mrs. Buddy Worley of Dallas and Mrs. F. P. Cherry, Paulette and Melanie of New Waverly.

Mr. and Mrs. Curtis Zieschang are the parents of a son as of Saturday, July 3. The baby has been named Ronald Lee. Mr. and Mrs. Guinn Gifford are the maternal grandparents.

Mr. and Mrs. Ralph Paul Heisch and Linda of Belleville spent the week-end with his parents, Mr. and Mrs. Ralph Heisch. Mr. and Mrs. Dan Beason and Curtis of Denton spent the long weekend at their home here.

Weekend guests of Mr. and Mrs. Buck Barner were Dakrley Garner of Austin, Patricia and Paul Mitchell of Hearne, and Mr. and Mrs. Radford Fowler of Austin. The Fowler children are spending the summer here.

Mrs. Pat Fletcher of Dallas spent the holidays with her parents, Mr. and Mrs. W. W. Terry.

Kathern and Johnny Ray Limmer are here on vacation and after first taking a trip into Mexico have been visiting his parents, Mr. and Mrs. Buddy Limmer.

Mary and Bill Stigall, Dale and Brian of League City were weekend guests of the William Stigall's and the H. W. Clarks.

The Rev. W. R. Parmer and family spent Monday in Belton and Nolandville visiting each of their parents.

Mr. and Mrs. Conrad Conn and Billy of San Antonio spent the holidays with his parents, Mr. and Mrs. Darrell Conn.

The revival services were concluded Sunday night at the Baptist Church after a ten-day revival which was led by a former pastor, Rev. J. B. Perkins of Houston. There were seven conversions during the revival. The church will observe baptismal services next Sunday.

If the digging could be called an act of God, gopher damage was common enough to have been foreseen and prevented. The court might well have reminded the defendant of Milton's admonition in "Paradise Lost":

"Accuse not Nature! She hath done her part:  
Do thou but thine!"

# Outdoors In Texas

By Vern Sanford

A college football coach may have the biggest, fastest, smartest boys in the country. He may have the cleverest formation anywhere... "T", "A", "T", or what have you.

But if his team can't block and tackle he might as well play Puddin' High.

That's why he's constantly teaching fundamentals.

Fishing is the same way!

You may have the best bait-casting rig on the market. You may be able to put a practice plug in the bucket at 30, 40, and 50 feet...nine times out of nine.

But if you don't know more than that about the fundamentals of fishing, you'll never catch a black bass except by accident.

You've got to know THE FISH! As often stated the black bass is an ornery critter.

He doesn't move around much except to forage for food. And he doesn't do that often because he homesteads in a piece where he can hide and lie in wait for something edible to be washed to him by the current.

So look for him under an overhanging willow tree, close to the bank, and where the water is deep. All kinds of goodies come falling out of the tree: caterpillars, baby birds, and mice.

If there are lily pads there, so much the better. It will be a home for frogs.

If the bank is muddy, that's fine. Crawfish will live there.

If there is a weed bed, that's wonderful. In that hideaway will be small bream and minnows that the largemouth can catch.

Point is if you want to catch fish, you have to put the lure where they are. You have to think like a fish. You have to figure out where he is at what time of day or season, and fish accordingly.

Let's take a lesson from the experts. They contend that most of the bass, and the biggest bass, are deep.

Yep, you can look at the color photographs in the outdoor magazines, and you can see the big blacks jumping after the topwater lures. It's spectacular! In fact, there's nothing else quite like it.

But if you want to catch bass - big bass and lots of them - don't concentrate on topwater lures. Fish deep!

This year the best bass and the biggest bass have been caught in deep water on black jigs. Sometimes a fisherman puts on a pork rind or a pork chunk, or a plastic worm. There's no doubt about it,

They add to the efficiency of the lure.

Remember the rule about not hurrying? Take it slow and easy! That's the way to fish the jig if you expect results.

It must go to the bottom and sit there while the big bass looks it over. After awhile move it about two inches. The bass will inspect the jig with more interest. He thinks it might be something alive. But he's not likely to commit himself yet.

Remember you've got all day. Relax. Move the jig another couple of inches...then look out!

If you are in a likely spot, you may get action any minute. The largemouth bass is both cantankerous and ornery. But he is not entirely unpredictable. He takes a lure for three reasons. He is either hungry, angry or protecting his nest.

That's right, I said his nest. It's the male of the species who makes the nest, fanning out a clean place in the sand or gravel.

He drives the female into this place, where she lays her eggs. He deposits his milt on them and then acts as watchman until the little bass hatch out.

He resents any intrusion and he will pick up any foreign matter and move it out of the nest by picking it up in his mouth.

If that's your lure, you've got a bass.

Other than during nesting time, the bass, male and female, will hit a lure from anger anytime it intrudes upon their peace and quietude.

Bass have no regular eating habits, like you and I. They eat when the opportunity presents itself.

## KNOW YOUR SNAKES

Chances are very good that you will not be the victim of a poisonous snake bite, but that's no reason why you shouldn't be able to recognize the four types of snakes found in Texas. They are, according to Wallace Klusmann, Extension specialist in wildlife conservation, Texas A&M, the rattlesnake, copperhead and water moccasin (cottonmouth) of the pit viper family and the coral snake which represents the cobra-like family. Klusmann suggests you pick up a copy of L-354, "Poisonous Snakes of Texas" from the office of your local county agent. It includes first aid hints in case of a snake bite. And it's free.

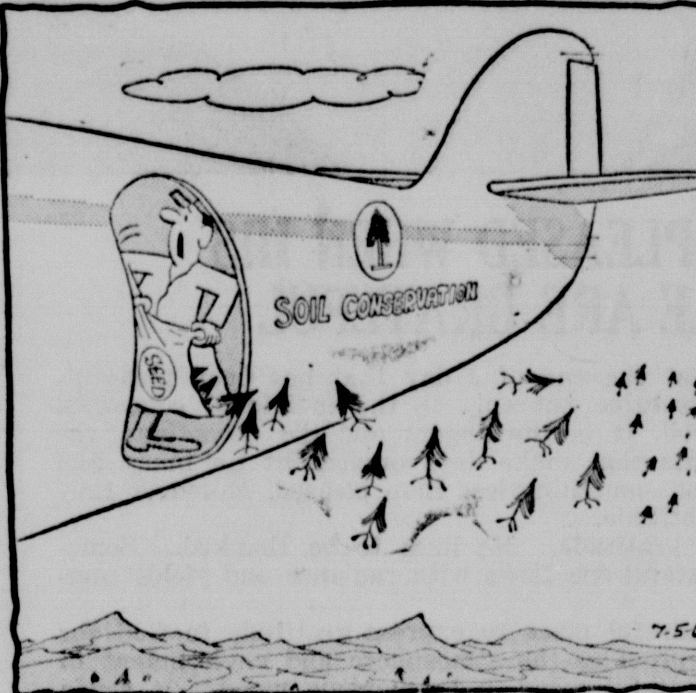

## PERFORMANCE PEDIGREE

A growing trend in Texas and other states is to supplement registry pedigrees with one on production or performance. Such pedigrees are production record based on actual performance. L. A. Maddox, Extension animal husbandman, Texas A&M believes that within 10 years very few breeder sales will operate without this information for buyers.

# Nola Knows

By Nola White

Dear Nola-Have you any good advice for a lonely widow of 71? I live on a farm one mile out from our little town. I drive, but not much out of town because there are too many accidents. My health is fair. I attend church reg-

ularly and am a member of Rebekah assembly. This is a community of widows mostly. I love people and enjoy being with them. I have done painting, hand work and was a saleslady for many years, but am retired. I read a lot but tire of that and do get so lonely.

Lonely

Dear Lonely-Giving yourself is the only way to cure loneliness, and there are things you can do even at 71.

1. Sit down and list all the people you know who are probably as lonely as you are.

2. Visit each of these people briefly, planning one visit each day until you have seen them all.

3. Invite one of these lonely people to your home each Sunday for a light supper.

4. If there is a nursing home in your area, visit the shut-ins once a week.

5. Find a young mother and shoo her out of the house once a week for a 15 minute rest while you watch the little ones. But for your own sake as well as hers, don't stay longer. You must not undertake more than you can do.

The VIP's in your life may be a husband with a raise in salary, a newly "pinned" college daughter, a scout off to his first camp outing or a neighbor with a new car or vacation plans.

Whatever the event, the special people in your life deserve royal treatment for their accomplishments. One way to make their day a standout is to plan a festive meal in their honor. For the main course, choose foods best liked by the man—or woman—of the hour, and for dessert treat them to this French Cherry Pie.

It has a look of elegance that will serve to climax the day in grand style. The crust starts off in a very important manner, because it's a cookie crust made from easy-on-the-cook, refrigerated slice and bake cookies. The filling is layered in, a delicately sweetened cream cheese mixture topped with canned cherry pie filling. It is pretty and so tasty that folks will know you've served your very best on "their" day.

## French Cherry Pie

1 roll refrigerated butter-scotch nut cookies  
1 8-ounce package cream cheese  
1/2 cup sifted confectioners' sugar

1 teaspoon vanilla extract  
1/2 cup heavy cream, whipped  
1 No. 2 can (2 cups) cherry pie filling

Oven: 375° Yield: 9-inch pie.  
Lightly grease and sugar bottom and sides of 9-inch pie pan. Slice cookie dough 1/4 inch thick. Line bottom and sides of pan with cookie slices, overlapping slightly to form a scalloped edge (use about 1/2 roll). Bake at 375° for 8 to 10 minutes until light golden brown. Cool.

Combine softened cream cheese, confectioners' sugar and vanilla, mixing until smooth. Beat cream until stiff; fold into cream cheese mixture. Spread into cooled cookie crust; top with cherry pie filling. Chill until firm.

Stanley Cohen, Washington editor and vice-president of Advertising Publications, Inc., also a featured speaker, said "The overwhelming majority of our people now accept the idea that in this complicated modern world, we must now look to our government for help and protection which we are otherwise powerless to provide for ourselves."

Cohen added that the uneducated, the unprivileged and the unskilled cannot cope with automation. Thus, we commit ourselves to programs of assistance and retraining to help them escape the downward cycle of poverty.

## 50th Anniversary

## For Dodson Reunion

The Cameron City Park pavilion was the scene of the 50th anniversary for the Dodson Reunion Sunday July 4. Descendants and friends of Rolley C. Dodson and his brother, Solomon Dodson, enjoyed basket lunches and conversation.

The 63 present came from Kansas City, Mo., San Antonio, Austin, Temple, Hitchcock, Freeport, Waco, Rogers, Rosebud, Buckholts, Rockdale, Belena, Maysfield and Cameron.

Plans were made for the next reunion which will be the first Sunday in July, 1966. The reunion has been held every year since 1915.
